Projects:

Projects started in S.V.S.I. Lt.

•Intercultural Skills Link (ISL)

The group emerged through active participants of Helga's international training in 2007. ISL establishes a learning and information network for and from ethnic minority individuals and existing and emerging ethnic communities and sub-communities. SVSI is actively supporting the group. Iola Smart is another director of SVSI Ltd supporting the group

•Dewiswch Chwi (2001 - 2006)

Learning Environment film

Over the years an estimate of 2500 children took part on this substance misuse project carried out in cooperation with Theatr Gwynedd. We also developed an interactive CD rom relating to the last project

•Intermediate Labour Market project (2001-2003)

This project was designed to support people disadvantaged on the labour market with higher, who wanted to work self-employed as trainer and community project developers. Some of the projects developed through the ILM project are now employing.
